

PUBLIC NOTICE

AIR POLLUTION PERMIT

The Placer County Air Pollution Control District has completed a review and prepared a Preliminary Determination on application #AC-13-40 by Verizon Wireless to increase the allowable testing and maintenance operating hours of the facility emergency generators. The Verizon facility is designated as Rocklin MTSO and is located at One Cyber Court in Rocklin, CA. Verizon also proposes to classify the facility as a Synthetic Minor Source with an emission limitation on oxides of nitrogen (NO_x) of 24.4 tons per year.

The information submitted by the application and the Preliminary Decision are available for public review and comment for thirty days, ending January 24, 2014, at the District office located at 110 Maple Street, Auburn, CA.

For additional information, please call (530) 745-2324.
